

RICHARD MCCONNELL

FULLSTACK WEB-DEVELOPER

EXECUTIVE SUMMARY

I'm a fullstack web-developer currently seeking a full-time role where I can grow professionally and showcase my talents in creating unforgettable campaigns.

AREAS OF EXPERTISE

- HTML, CSS, JavaScript, React.js, Material UI, C#, Team Building, Logistics, Communication

MY PROJECTS

Furever-Friends:

A pet adoption application created in React that bridges the gap between user's and adoptable dogs located in the Greater Nashville area. Users can login, and can find dogs they are interested in. Users can then go to their own interested pet list and add notes to their favorite pets they have chosen.

Nutshell:

Nutshell is a social media based application built completely in React.js and styled with Material UI. Users can create an account, login, create and share other users' articles, and events their particularly interesting in attending. It also features a personal task list that they can keep track of day-to-day tasks
